Workshop Summary:

Cloud CMA is a proud product partner of the **Sandicor MLS** and is among the most exciting technology products for real estate in 2011. Cloud CMA uses your MLS data and blends it with community and lifestyle information from multiple data sources on the internet to create custom MLS reports for Buyers, Sellers and Prospects. This interactive demo will cover the many aspects of creating a winning CMA as well as awesome Buyer Tour Reports, Property Reports & Flyers in seconds.

Cloud CMA will help your Real estate Business:

- Generate Custom Listing Presentation in seconds.
- Win the Listing at the Right Price with Accurate Valuation.
- Utilize New Techniques for Impressing Prospects
- Broadcast Listing Content for Facebook, Twitter and Social Media outlets.
- Obtain Instant Buyer Response and Lead Generation
- Incorporate Mobile Applications and QR Codes for Buyers
- Leverage Data From your MLS in concert with Lifestyle data from multiple websites.
